Milk is a Must, during school closures and all the time!

Now more than ever, students need the important benefits of milk.

- Nine essential nutrients
- Calcium and vitamins A & D
- Builds strong bones and teeth
- Helps kids get their three daily servings of dairy
- Provides energy for the coming active summer months
- Supports local dairy farms in your area

Milk is a great part of the meals you serve every day!

NEW Best Practices Guide for Milk

Tips from districts like yours for serving milk - and keeping it cold - during school closures.
